Dear Mr. Kauffman,

This letter is in regards to the K & M Performance Parts request for NHRA to accept the K & M Performance Parts block part #MR-1 for competition in Super Stock and Stock. The NHRA Technical Department has reviewed the information you forwarded about the replacement part for the Pontiac engine and has accepted this unit.

The NHRA Technical Department has accepted the MR-1 block as a replacement for the original Pontiac blocks. The replacement block, will be available for all applications within Super Stock and Stock eliminators.

This acceptance is subject to all applicable provisions of the NHRA Rulebook, including Section 19, which reads in part: "NHRA reserves the right to amend the rules at any time on its own initiative to prohibit or permit the use of specific types of equipment or practices."

If you have any questions, give me a call.

Regards,
